Each bundle includes everything your child needs to prepare confidently for the 11+ exam, with options to suit different learning styles and budgets. **Terms and conditions:** Mock exams and masterclasses are scheduled for set dates and times, of which these cannot be changed. All dates are arranged in advance, so please ask for these at the time of purchasing your bundle, to be sure you can attend all. No refund will be made to clients who cannot attend any part of their bundle, including tuition sessions, mock exams, and masterclasses. Monthly payments must be made every month, on time, otherwise the bundle will be withdrawn and clients will be moved onto the pay-as-you-go scheme, which will mean the discounted rates included in the bundle can no longer be received. No refunds will be made for any monies paid yet unused. All bundles are subject to a minimum 12-month term. There is no cash value in any of the bundle offers.

Should you cancel your 11+ bundle before the required 12 monthly payments have been made, you will be required to make a balancing payment. This balancing payment is the difference between what you have paid to date and the non-discounted cost of the items you have already used from the bundle.
