**JOURNEY TO 175**

## **JOURNEY TO 175 CAPITAL CAMPAIGN UPDATE**

Immaculate Conception Parish kicked-off the Journey to 175 capital campaign one year ago. Incredible progress has been made both in fundraising and developing the construction plans. To date, over \$2.3M has been pledged and over \$1.8M collected towards those pledges. Thank you to all who have supported so generously!

The total cost of our project is now \$2.68M. This includes soft costs that were not included in estimates last year. The parish is ever so close to having the dollars needed to complete all three projects. Please consider helping today to bring in the remaining dollars for the Journey to 175 capital campaign. There is a QR code below to make a gift today.

- If you have made a pledge...thank you. If you have not yet fulfilled your pledge, please consider accelerating your payments to help us improve our cash position.
- If you have fulfilled a pledge or made a one-time gift and have been blessed with the ability to help again, please consider doing so today.
- If you have not yet supported the Journey to 175 capital campaign, please consider making a gift today.

Looking at the timeline on the reverse of this update, it is exciting to see that the schematic design phase of the new parish administrative offices, adoration chapel and elevator for the school has been completed. On January 22nd, a presentation was made to the Building and Properties Committee at the Diocese of Joliet. Permission was granted to move forward with the design phase of the project that will lead us to a groundbreaking in July 2026.

Narvick Brothers has incorporated value engineering to help Immaculate Conception stay on budget with the projects. They will also oversee putting the projects out to bid in order to secure the best contractors at the best price.

If you recall the preliminary drawings that were shared in February of last year, you will see that the new adoration chapel will now be housed inside of the new office space and not in the narthex of the church. Daprato Rigali is currently restoring a couple of the remaining stained glass windows from the original church that will be included on the exterior of the chapel, designating it as sacred space.

Please pray that the Holy Spirit will continue to guide the parish through the successful completion of this campaign.
