

# BUCKET<sup>®</sup> BUNKER

LOAD & GO ATTACHMENT RACKS

[WWW.BUCKETBUNKER.COM](http://WWW.BUCKETBUNKER.COM)

## **BUILT FOR CREWS WHO DON'T HAVE TIME TO WASTE.**

No more loading attachments one by one on and off your trailer — simply load them all as one single unit and hit the road. It's the faster, smarter way to get to work.

Bucket Bunker® Attachment Racks help contractors, utility crews, landscapers, rental yards, and municipalities stay organized and on schedule. Engineered for skid steers, compact excavators, and mini skids, each American-made rack keeps your attachments secure, upright, and job-ready—while drastically cutting time spent loading and unloading your trailer.

Load up your bunker with a variety of multiple attachments including grapples, augers, buckets, forks, and more! Bucket Bunker® simplifies the transportation process for true Load & Go convenience.

Customers report cutting load-in times by 50%, reducing downtime, and completing more jobs per week, proving the Bucket Bunker® delivers fast ROI and long-term gains.

— Bucket Bunker®

"The Bucket bunker has made moving attachments from job to job so much easier.  
One of the best investments we've made."

— Brad H., Contractor

# AUGER PRO™

**Built For Full-Size Skid Steer Attachments**

SKU: 400100

A pioneering and versatile attachment rack designed for the construction industry's most demanding tasks. Engineered to enhance efficiency and productivity, the Auger PRO expertly accommodates an extensive range of attachments, making it an indispensable tool for any construction site.

**Multi-Functional Design:** The Auger PRO is the industry's first choice for versatility, allowing users to securely transport and store various attachments in a single, convenient system.

**Attachment Compatibility:** The Auger PRO can hold a wide array of equipment, including:

- **1 Auger Drive or Hydraulic Breaker:** Perfect for drilling or demolition tasks.
- **Up to 3 Auger Bits:** Accommodates bits with a maximum diameter of 36 inches for enhanced digging capabilities.
- **2 Standard Skid Loader Buckets:** Keep your worksite organized and ready with dual bucket storage.
- **1 Set of Pallet Forks:** Ideal for heavy lifting and material handling.

**Ample Storage Space:** The Auger PRO features two large internal shelves, providing additional storage for tools and accessories, ensuring that you have everything you need right at your fingertips.

The Auger PRO is built for durability and ease of use, making it the ultimate solution for contractors looking to optimize their workflow while minimizing the hassle of transporting heavy equipment. Upgrade your attachment management with the Auger PRO and experience the difference of superior functionality and reliability on the job site.
