MEMBERSHIP TERMS SUMMARY:

Preferred Membership is a recurring subscription charged monthly (12-month commitment) or annually using the payment method on file and automatically renews for 12-month terms unless cancelled prior to renewal. Membership covers one HVAC system and provides plan-specific benefits while the membership remains active and in good standing. Additional covered systems can be purchased. Credits have no cash value, are non-transferable, and may only be redeemed while the subscription is active and in good standing. Unused benefits do not roll over. Discounts and benefits apply only to eligible services and equipment supplied by One Choice and cannot be combined with other offers. Early cancellation may result in reversal of member discounts received during the term. Pricing and terms may be updated at renewal. Full terms available upon request.

FAQs — Before You Join

Is a membership really worth it?

For most homeowners, yes. Just one maintenance visit, repair discount, or avoided breakdown can easily cover the cost of membership— while giving you year-round peace of mind.

What happens if my system breaks down?

Members receive exclusive repair savings and move to the front of the schedule— so your home gets comfortable again fast.

Why should I get a membership?

HVAC problems are rarely a matter of *if*— they're *when*. Membership is the best way to protect your system and make sure you have a trusted team ready when you need help.

What's the #1 reason HVAC systems fail?

Lack of maintenance.

Most breakdowns start as small issues that go unnoticed until they become larger, more expensive problems.

Will maintenance really save me money?

Yes. Maintenance helps your HVAC system run more efficiently, which can lower energy bills, reduce wear on expensive components, and extend the life of your system.

Does my warranty require maintenance?

In many cases, yes. Most manufacturer and labor warranties require documented annual maintenance from a licensed HVAC professional. Without it, warranty claims may be denied.

Am I locked into a long-term contract?

Membership runs on a 12-month program so members can receive the full value of their benefits. You can cancel anytime, but early cancellation may reverse member discounts or promotional pricing for work already completed.
