# About Us

**As a trusted cyber company**, we provide the reliability and expertise you need without the bureaucracy of the big players. With over 100 years of combined experience supporting FTSE 500 companies and start-ups, we offer tailored, agile, and highly effective security services.

## How Cybergen Started

Cybergen began when its founders grew tired of the generic, 'off-the-shelf' cyber security services offered in the market, which lacked quality customer service.

Our name blends 'Cyber security' and 'Next-generation', reflecting our mission to deliver proactive and simplified cyber security by helping organisations of all sizes thrive in an unpredictable and dangerous world.

### OUR MISSION

# Why Cybergen?

With Cybergen, our customer-first approach centres on collaboration with next-generation cybersecurity leaders, ensuring you receive the strongest security to protect your business.

### WE'RE PART OF YOUR TEAM, NOT JUST A SUPPLIER

We integrate with your operations and support your security posture as a genuine partner, moving beyond the transactional "one-and-done" mindset prevalent among many MSSPs and resellers.

### NO PUSHY SALES CULTURE

We prescribe what your organisation truly needs, not what maximises commission. There are no inflated quotes, no unnecessary add-ons.

### TRANSPARENT, FAIR PRICING

As a focused and agile MSSP, we keep overheads lean and value high, enabling us to deliver robust cyber security solutions at more competitive pricing. Even when budgets are tight, you won't be short-changed.

### BUILT TO GROW WITH YOU

We invest in long-term partnerships. Our services evolve as your risk profile, regulatory demands and business objectives change, ensuring you're protected today and ready for tomorrow.

# Partnership **With Purpose**

Our partner-first approach is built around collaboration with next-generation cybersecurity leaders, ensuring our clients get the best security possible.

# Securing Your Business Today.
