

Your Disruptive Next-Generation Cyber Security Partner.

CREST-certified threat intelligence specialists making cyber security accessible to all, from start-ups to FTSE 100 companies.

100+

Cybersecurity clients served globally across three continents.

40+

Cyber Security Partners.

30+

CISO references across our projects.

HOW WE PROTECT YOU

Prevention

We expose real-world attack paths before adversaries can exploit them, using CREST-certified penetration testing and threat intelligence.

Detection & Mitigation

24x7x365 managed detection and response, real-time monitoring and incident response that contains attacks fast.

GRC (Governance, Risk & Compliance)

Turning compliance into your competitive advantage across ISO 27001, Cyber Essentials Plus, NIS2 and DORA.

WHY CYBERGEN

- ✓ **C-Level Expertise**
Seasoned cybersecurity executives delivering board-level insight.
- ✓ **Bespoke Services**
Tailored roadmaps built around your risk, not a template.
- ✓ **CREST-Certified**
Quality of service delivery, to the highest standard, 100% of the time.
- ✓ **Personal & Responsive**
Enterprise-grade capability, without the bureaucracy of the big players.
