Our philosophy isn't posted on the walls—
• it's happening all around you. ★

At BGCC camp, kids are fully immersed: designing, building, creating, playing, laughing, and being joyfully themselves. That energy isn't accidental. It comes from trust—kids choose how they spend their time and help shape their own days.

When young people are given ownership, something powerful grows beneath the surface: confidence, resilience, creativity. This kind of growth doesn't come from rigid schedules. It comes from freedom, trust, and space to explore. Explore.

Since 1952, BGCC has been a place where kids feel safe, supported, and believed in—and many return as leaders, mentors, and parents.

Give kids that space
