
CANCELLATION AND NO-SHOW POLICY

To help us provide timely care to all patients, office appointments require at least one (1) business day notice of cancellation or rescheduling. Procedure appointments, including injections and nerve studies, require at least two (2) business days notice.

Office Appointments

Minimum one (1) business day notice

Procedures

(including injections and nerve studies)

Minimum two (2) business days notice

If proper notice is not provided, a no-show or late-cancellation fee may apply in accordance with the practice's current fee schedule and applicable payer requirements. The fee may be waived by management for special or unavoidable circumstances.

Repeated missed appointments or late cancellations may affect our ability to continue scheduling care. Three (3) or more no-shows within a year may result in review for discharge from the practice, subject to applicable law, continuity-of-care obligations, and the practice's discharge procedures.

If you are running late or need to cancel or reschedule, please contact the office as soon as possible. We value clear communication and will make reasonable efforts to work with you when unexpected circumstances arise.

Please sign below to confirm that you have read, understand, and agree to this policy.
