AMITY MEDICAL GROUP

MONTHLY NEWSLETTER

OCTOBER

Exciting Updates!

September has been an exciting month for Amity Medical Group! We are proud to share that we have officially become a full Federally Qualified Health Center (FQHC). After previously operating as an FQHC Look-Alike, this milestone marks an exciting new chapter for our organization as we continue preparing for the opportunities and responsibilities that come with this designation.

And the exciting news does not stop there, we are expanding! Amity is currently in the process of opening another clinic in Wingate, allowing us to expand our reach and better serve the Union County community. Our goal is to bring more dedicated providers, accessible healthcare, and quality services to the area, and we are incredibly excited for what is ahead!

Upcoming Events

- OCTOBER 17TH - OURBRIDGE FALL FESTIVAL

Meet our new provider Dr.Lynn Hernandez!

Lynn Hernandez is a board-certified family physician with over 20 years of experience in North Carolina, serving patients of all ages. She has held leadership roles in community health departments and has expertise in pediatrics, prenatal care, family planning, infectious diseases, and travel medicine, also serving migrant farmworkers and Native American communities. As a Certified Medical Interpreter in Spanish, her passion for the language and Latino culture influences her practice. Dr. Hernandez prioritizes patient care, treating each individual with respect and compassion, ensuring their health is her top priority.

FOOD PANTRY DONATIONS STILL NEEDED!

We currently have food pantry's in three of our clinics, Monroe, Harris and Dallas. If you have any canned foods or non perishable food items, you can make a donation directly to our clinics by dropping your items off at any of our pantry locations!
