Amity Event Season Picking up!

It's that wonderful time of the year when you'll begin to see us at various community events. Engaging in community outreach and connecting with the residents of Charlotte brings us immense joy!

In April, we took part in three significant events. First, on April 3rd, we were proud sponsors of the Charlotte Hornets' Mental Health Night. We participated in a mental health panel before the game and enjoyed meeting other organizations dedicated to providing care in our community. Next, the HIV and STI Treatment and Prevention Summit offered us a fantastic opportunity to connect with individuals seeking more information on preventive care and long-term support for their sexual health and well-being. Finally, we hosted Our Bridge For Kids, where we collaborated with the health department to offer free health screenings and vaccinations to families.

We are incredibly grateful for the chance to give back to our community and support those who need it most.

CHARLOTTE HORNETS MENTAL HEALTH NIGHT ON APRIL 3RD!

WE ARE PROUD SPONSORS OF

Let's look ahead!

COMMUNITY EDUCATION AND DIABETES MANAGEMENT CLASSES

Dr. Occhipinti spoke with residents of ARP Manor regarding nutrition, the DASH diet and our diabetes management classes! Interested in attending these classes - you can sign up by contacting our office, our next class is May 2nd!

Dr. Occhipinti speaking with ARP manor residents

On April 18th, we proudly opened our doors to welcome the families of Our Bridge for Kids. This initiative was made possible through a collaboration between Amity, the health department, and Our Bridge for Kids. We opened on a Saturday to offer free health screenings, during which the health department administered vaccinations.

In addition to health services, we had arts and crafts activities and a DJ, creating a lively atmosphere. Our staff thoroughly enjoyed partnering with others, and we are incredibly grateful for the opportunity to provide essential healthcare to our community.
