AMITY MEDICAL GROUP

Community Resource Sheet

Amity Medical Group Financial Assistance Programs:

Sliding Scale: Available for all patients, primarily uninsured, based on income; helps cover medical visits and medications through Avant Pharmacy.

Bridges to Access: For underinsured patients with primary insurance; assists with copays for medical visits and medications through Avant Pharmacy.

United Way - Patients living in our current service areas may qualify for the grant, and these boundaries could expand soon. We now serve the following zip codes: 28215, 28205, and 28212.

Mecklenburg PrEP Program: Offers free PrEP medication to high-risk, uninsured residents to prevent HIV transmission.

Ryan White: Provides medical care, labs, medication (Walgreens Specialty), dental visits, transportation, and case management for low-income individuals living with HIV.

SAMHSA: Covers medical visits, MAT medications, labs, peer support, and counseling for individuals with a history of opioid dependence; free Narcan included.

Mecklenburg OSG: Supports opioid crisis response in Mecklenburg County by covering medical visits, MAT medications, labs, peer support, and counseling; free Narcan included.

Updated on 09/22/26

Evidence Based Addiction Treatment

How it works:
MAT programs combine FDA-approved medications with behavioral counseling to reduce opioid cravings and withdrawal symptoms. Treatment is delivered through clinics, outpatient programs, or correctional settings. Providers monitor progress and adjust care as needed, ensuring a personalized recovery experience.

Recovery Support Services

How it works:

Trained peer specialists and care navigators work with individuals throughout their recovery journey, connecting them to community resources like support groups, healthcare providers, and housing programs. Peer support focuses on building trust and shared experiences, while care navigators help individuals overcome logistical barriers-such as transportation or accessing social services-to sustain long term recovery.

Employment-Related Services

How it works

Updated on 09/22/26

Participants engage in job readiness activities, including resume building, interview preparation, and job skills training. Employment specialists also helped individuals manage challenges like transportation or childcare, ensuring they stay engaged in the workforce and build financial independence.

Early Intervention

How it works

Early intervention aims to prevent the escalation of risky behaviors by engaging young people and their support networks with appropriate services. This intervention includes screening tools, education programs, and training for teachers, parents and peers to recognize early warning signs and connect youth to prevention or treatment services before issues escalate.

Naloxone Distribution and Syringe Services Programs (SSPs)

How it works

Community programs distribute naloxone kits, provide training on their use, and may offer resources for addiction treatment and recovery. Participants receive sterile syringes, safe disposal tools, and education on safer injection practices. Many SSPs also offer naloxone kits, wound care, and referrals to substance use treatment and mental health services.
