

**26-35 Year Group | April Harper Ascheman, '93** | While at Boys Town, I lived with Chris and Kara LeGrow and worked as a Police Cadet with the rank of 2nd Sargeant. While my children were young, I worked in a maximum-security men's prison. That was not the place of rehabilitation that I wanted to be. After 10 years, I switched to working in college security which I did for 6 years. I graduated from college with my bachelor's degree the same day our 3rd child graduated high school. I have since earned my master's degree. For the last 3 years I have been working for Nebraska State Probation. I am currently transitioning from an Adult Probation Officer to a Specialized Population Officer working with high-risk juveniles on probation. I have remained in contact with and friends with many Boys Town alumni throughout the years. I look forward to serving my fellow Boys Town family on the Alumni Board. April is a Lifetime Member of the BTNAA. Her term will expire in 2029. [Email](#)
