

**26-35 Year Group | John Soby, '95** | "I graduated from Boys Town in 1995 and served as Mayor from 1994-1995. While at Boys Town I was involved in lots of activities from sports to trades in the Career Center. This is where I met and made lots of my friendships and relationships that I still have today. Also while at Boys Town I was involved in the Fire Cadet program with Fire Chief John Sing. I am the CEO and owner of a Heating and Air Conditioning, Sheetmetal, Electrical company, based out of Fort Calhoun, Nebraska. I learned all these great skills for business at Boys Town in the Career Center. The trades have been a great place for me to work since I left Boys Town. I have also been involved in being a volunteer firefighter for the last eighteen years. I recently obtained my national registration as an EMT and am a Nebraska certified EMT. I am involved in the Firefighter Combat Challenge competition all over the United States in varied events. My roots and interest in firefighting came from Boys Town as well. On a personal level I am involved in Church and I'm part of mentor program for at Risk Youth in the foster care system." John is a Lifetime Member of the BTNAA. His term will expire in 2027.
