

Timberline[®]HDZ[®]

High Definition[®] Lifetime[†] Shingles

As featured on *This Old House*, the Timberline HDZ[®] shingles installed here are Oyster Gray.

Millions of families have found shelter and peace of mind under a Timberline[®] roof.

And now, a good thing just got even better again.

We protect what matters most[™]

It's never just a roof. It's a promise, kept.

Providing a home means making a promise — of shelter, security, and stability. It says to the people who count on you, "You're going to be safe, dry, and warm under this roof."

Choosing a Timberline HDZ® roof is a great way to help keep that promise.

It's our first shingle ever to come with patented LayerLock® Technology. That means it's engineered for the best possible installation.

It's a shingle that helps your roofer do their best work

LayerLock® Technology strengthens the bond between layers of your Timberline HDZ® shingles. To help your roofer give you the best possible installation. And to help you rest easy when the wind is howling outside.

Here's how it works:

The strength added by LayerLock® Technology allowed GAF to create the StrikeZone® nailing area — the industry's widest nail zone — which offered 99.9% nailing accuracy in our test.¹

LayerLock® Technology also powers the industry's first wind warranty with no maximum wind speed limitation. Timberline HDZ® shingles are eligible for the WindProven™ Limited Wind Warranty when installed with the required combination of four qualifying GAF accessories.²

¹ Results based on study conducted by Home Innovation Research Labs, an independent research lab, comparing installation of Timberline HD® shingles to Timberline HDZ® shingles on a 16-square roof deck using standard 4-nail nailing pattern under controlled laboratory conditions. Actual results may vary.

² 15-year WindProven™ Limited Wind Warranty on GAF shingles with LayerLock® Technology requires the use of GAF starter strips, roof deck protection, ridge cap shingles, and leak barrier or attic ventilation. See *GAF Roofing System Limited Warranty* for complete coverage and restrictions. Visit gaf.com/LRS for qualifying GAF products. For installations not eligible for the *GAF WindProven™ Limited Wind Warranty*, see the *GAF Shingle & Accessory Limited Warranty*.

It's a system, built to protect

A Timberline HDZ® roof is so much more than shingles. It's layers of protection, working together to help keep your home safe from rain, snow, sun, and wind.

In fact, installing 4 qualifying GAF accessories — GAF starter strips, roof deck protection, ridge cap shingles, and either leak barrier or attic ventilation — in one roof system makes Timberline HDZ® shingles eligible for the WindProven™ Limited Wind Warranty.¹

Timberline HDZ® shingles also feature GAF time-release algae-fighting technology, for long-lasting algae-fighting power, and come with a 25-year StainGuard Plus™ Algae Protection Limited Warranty against blue-green algae discoloration.²

Visit gaf.com/LRS for qualifying GAF products.

LayerLock® Technology mechanically fuses the common bond between overlapping shingle layers. The added strength at the common bond powers the StrikeZone® — the industry's widest nailing area.
