

3s February Newsletter

As we begin February, we will continue our unit on colors with the color **RED**. We will read Red Is Best and Red, Red, Red before wrapping up our unit with rainbows. We will graph our favorite color and read books like Rainbow Bob. We will be exploring science through color mixing experiments and we will be practicing our math skills by sorting colors.

This month, the children will create special Valentine's Day cards and learn about the postal system—because we'll be mailing the cards to your home!

On the day of our class party, children will bring in Valentines for their classmates. To make it easier for them to 'deliver' their cards, **please do not write the recipient's name on them**. Also, please remember that **St. Peter's has a "no food" policy** for Valentine's cards.

We are excited to invite all dads/special loved ones into the classroom for a special celebration on Feb 25 (MWF3) and Feb 26 (Young 3, TR3). Be on the lookout for an invitation! We look forward to making a craft, enjoying a treat, and singing together with our dads/special loved ones.

It is sure to be a bright and colorful month of learning!
