

January Newsletter

3 ½ Year Old Classes

Happy New Year to all of our families! May 2026 be a happy and healthy one for all of you!

The start of our new year will consist of holiday show and tell and the introduction of classroom jobs. We will focus on the calendar and the weather as these two jobs will become part of our daily routine.

Upon our return to the classroom, we will have fun with the season of **winter**. What do the animals do in the winter? **Hibernation** will be our new vocabulary word as we take a look at a variety of animals that hibernate in the winter. **Migration** will be another new vocabulary word as we learn how some birds migrate in the winter. Winter songs and art will accompany these wonderful lessons!

The children will enjoy some of the beautiful literature of **Ezra Jack Keats**. *The Snowy Day* is always a favorite along with creating our own snowy day as art!

The final week in January will have us learning more about ourselves and our classmates. We will focus on our unit, **All About Me**. The children will learn about measuring and weighing. A hands-on experience will accompany this curriculum.

Community helpers will be explored and each child will be asked, what do you want to be when you grow up?

We look forward to a great new year filled with learning, friendship and love!
