SAFE. CHECKED. READY TO TOW.

Final Walk-Around Check

A simple pre-journey checklist for every caravan trip

Before moving, confirm:

- ☐ Mirrors are fitted and adjusted.
- ☐ The hitch is locked.
- ☐ The breakaway cable is attached.
- ☐ The electrical connection is secure.
- ☐ Lights and indicators work.
- ☐ Tyres and wheel bolts have been checked.
- ☐ Stabiliser friction pads are clean and dry, if fitted.
- ☐ The jockey wheel and corner steadies are raised.
- ☐ Doors, windows and rooflights are closed.
- ☐ The number plate is visible.
- ☐ The handbrake is released.

Use the same checklist before every journey.

Experience is valuable, but familiarity can make simple steps easier to overlook.
