

POWERHOUSE LATVIA

Mapping Latvia

Executive Brief

Mapping Latvia is a monthly strategic brief combining political, legislative, and public sentiment analysis. It highlights key developments, deeper trends, and divides shaping Latvia's stability and international standing, offering practical insights for international organizations, businesses, and foreign missions.

Strategic Political Insights

- Key political shifts and coalition dynamics shaping governance.
- Policy debates with regional and international implications.
- Geopolitical positioning in response to evolving security challenges.

Legislative Monitoring

- Overview of the most significant legislative acts.
- Assessment of potential impact on governance, society, and business.
- Identification of controversial reforms and emerging regulatory trends.

EU Legislative Developments

- Key EU-level decisions shaping Latvia's policy environment.
- National implementation pathways and local resonance.
- Strategic implications for external partners and investors.

Societal Sentiment Analysis

- Public response to government policies and reforms.
- Narrative divides (e.g. elites vs. citizens, sovereignty vs. integration).
- Trust dynamics across institutions, civil society, and media.

Tailored Recommendations

A key feature is a personalized recommendations section, tailored to each partner's priorities, such as regional outreach or impact analysis.
