CSC

COLLEGE SECTOR COMMITTEE
FOR ADULT UPGRADING + ACE

PROVINCIAL ACE COURSE CODE DIRECTORY BY COLLEGE

REVISED FALL 2026

About the CSC

The provincial College Sector Committee for Adult Upgrading (CSC) is an incorporated, not-for-profit support organization representing academic upgrading programs and staff in Ontario's 24 public colleges. The CSC provides leadership, representation, support, advocacy and resources to Ontario's public colleges in their delivery of outstanding academic upgrading programs and services to adults, including the Academic and Career Entrance (ACE) grade 12 equivalent program.

About the ACE Program

The Academic and Career Entrance (ACE) program was launched in the college system in 2004 as an update to the previous "Basic Training for Skills Development Level 4." All 24 public colleges offer the ACE program either in-class, or fully online through the "ACE Distance" program, or both.

There are 10 approved courses in the ACE program. This document lists ACE course codes by college (for all 24 colleges) for the ACE courses offered in-class and, if applicable, online through the ACE Distance program.

ACE courses are transferable across colleges to meet admission requirements for college certificate and diploma programs and for the purpose of granting the locally approved ACE certificate.

The College Sector Committee for Adult Upgrading coordinates ACE program delivery on behalf of all public colleges through the 'Heads of Upgrading Programs' committee.

Overview and Uses of the Provincial ACE Course Codes Directory

The purpose of this document is to support ACE student mobility and transfer credit across Ontario's 24 public colleges. This document is updated regularly by the provincial **College Sector Committee for Adult Upgrading (CSC)**. For each of Ontario's 24 public colleges, there is a page in this document which includes a table with the following details:

- A list of all 10 approved ACE courses
- The **in-class** course code for each ACE course at that college
- The **ACE Distance** (fully online) course code for each ACE course at that college (if applicable)
- Alternate titles or course codes that apply to a specific course (though all colleges should be using the same ACE course titles)

Who uses the Provincial ACE Course Codes Directory?

- **Admissions Staff** – to assess an applicant's admission requirements for a postsecondary program when one or more ACE courses have been completed at a different college (or through ACE Distance)

- **Student Records Staff** – to assess a student's eligibility for the ACE certificate when one or more ACE courses have been completed at a different college (or through ACE Distance)

- **Academic Upgrading/ACE Staff** – to assess ACE course/program eligibility when a student has completed one or more ACE courses at different college
