## GENERAL PRICE LIST

*Prices are effective as of October 1, 2024, but are subject to change without notice.*

The general price list is a detailed list of goods and services a funeral home offers. The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead.

Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements such as a funeral with a viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial.

If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

### DIRECT CREMATION

Our charge for a direct cremation without an attendant, rites or ceremonies includes removal of remains, refrigeration for up to ten (10) business days, necessary services of staff and authorizations, as well as the crematory fee. It does not include a cremation container. State and local law do not require a casket for direct cremation. However, crematory requirements state that the body must be encased. If you want to arrange a direct cremation, you can use an alternative container. Alternative containers encase the body and can be made of materials like fiberboard or composition materials (with or without an outside covering). The containers we provide are: corrugated fiberboard and hardboard.
