

ANNUAL REPORT 2025

Recovery Starts Here

Dear Valued Members of the Community,

As we reflect on the past year at Meridian Health Services, I am proud to share the continued progress, growth, and impact of our work. Through our integrated continuum of care—including detoxification, residential and outpatient services, medication treatment, and our SUD Health Home—we remain committed to providing comprehensive, evidence-based treatment to individuals and families across our community. This year, we were honored to support thousands of individuals as they pursued recovery and renewed wellness.

In parallel with this impact, we made meaningful investments in our physical environment to better support healing and connection. At our 1255 campus, we completed significant improvements, including a new parking lot, enhanced entrance, updated landscaping, sport courts, and the addition of a recreational yard and walking track. These enhancements strengthen our daily therapeutic programming and create new opportunities to engage with the broader community through hosted events and shared spaces. They reflect our ongoing commitment to safety, dignity, and a welcoming environment for all who enter our doors.

Looking ahead, Meridian Health Services remains focused on expanding access to care, strengthening our programs, and continuing to deliver high-quality services responsive to community need. Guided by our mission, we remain steadfast in our purpose: to instill hope, restore health, and transform lives.

Thank you for your continued trust and support.

Sincerely,

Rick Paige
Chief Executive Officer
Meridian Health Services

Overall Client Satisfaction

“The classes were informative. The structure and home feeling environment. The cleanliness and the staff were nice and accommodating.”

“My time at Meridian saved my life. I’m forever grateful for the skills I learned during my stay there.”

“The staff and everybody there were awesome, very helpful especially with the aftercare planning. I have 106 days sober today and my start began at Meridian!”

“Meridian taught me to take it one day at a time. I have bad days and I’m grateful for the tools I’ve learned to cope with my triggers.”
