

#### SPECIFICATION SHEET

# DF-B3C

Grey knitted glove made of HDPE, 3/4 coated with grey smooth nitrile and black sandy nitrile on the palm.

#### **BENEFITS**

- Provides sufficient grip.
- Effectively disperses grease.
- Offers abrasion resistance.
- · High impermeability against lubricants.
- · Good protection against cut risks.

#### **OPERATIONS**

- Ideal for metallic processes where there is a high risk of cuts and a significant presence of grease.
- The sandy coating ensures excellent grip in slippery applications and on smooth surfaces, such as ceramic and metallic materials.

#### **INDUSTRY**

# LIMITATONS OF USE

### 1. Specific protection:

- · Designed for mechanical risks: light cuts and abrasion.
- Does not offer protection against electrical hazards, fire, high temperatures, or chemicals.
- Do not use for welding.

## 2. Glove Integrity:

 Do not use if there is excessive wear, tears, or significant loss of coating, or if visible damage is present on the palm or fingers.
