

## SPECIFICATION SHEET

# DF-C23

previously HC-354

Black knitted glove made of a blend of polyester and synthetic fibers, coated with black foam nitrile on the palm.

### BENEFITS

- Breathable design for enhanced comfort.
- Excellent sensitivity for precise handling.
- Provides sufficient protection against cut risks.
- Superior grip in the presence of light grease.
- Comfortable and flexible for extended use.

### OPERATIONS

- Suitable for handling metallic, ceramic, and plastic materials.
- The foam nitrile coating ensures better grip and increased flexibility for delicate or repetitive tasks.

### INDUSTRY

# LIMITATIONS OF USE

## 1. Specific protection:

- Designed for mechanical risks: light cuts and abrasion.
- Does not offer protection against electrical hazards, fire, high temperatures, or chemicals.
- Do not use in the presence of oil or grease.

## 2. Glove Integrity:

- **Do not use** if there is excessive wear, tears, or significant loss of coating, or if visible damage is present on the palm or fingers.
