

SPECIFICATION SHEET

DS-B40

previously HC-101

LINE

Grey knitted glove made of high-density polyethylene (HDPE) for lightweight durability and reliable performance.

BENEFITS

- Lightweight for ease of use.
- Durable for extended wear.
- Ideal for primary applications.

OPERATIONS

- Suitable for handling blades and metallic pieces with smooth edges.
- Perfect for deburring processes and inspections in automotive and metal-mechanic industries.

LIMITATIONS OF USE

1. Specific protection:

- Designed for mechanical risks: cuts, abrasion, back-of-hand impact, and light vibration.
- Does not provide protection against electrical risks, fire, high temperatures, or chemicals.
-
- Not to be used for welding.

2. Glove Integrity:

- **Do not use** if there is excessive wear, tears, or significant loss of coating, or if visible damage is present on the palm or fingers
