LIMITATIONS OF USE

1. Specific protection:

- Designed for mechanical risks in the presence of liquid or gaseous chemicals.
- To select the appropriate glove, verify that the material type is recommended for the specific chemical and its exposure time.
- Does not provide protection against electrical risks, fire, or high temperatures.
- Do not use for welding.

2. Glove integrity:

- **Do not use** if there is excessive wear, tears, or punctures.
- Exceeding the recommended exposure time may cause the chemical to permeate and penetrate the glove; ensure not to exceed the usage time.
