LIMITATIONS OF USE

1. Specific protection:

- Designed for mechanical risks in the presence of liquid or gas chemicals.
- To select the glove, verify which material is recommended for the specific chemical and its exposure time.
- Does not offer protection against electrical hazards, fire, or high temperatures.
- Not to be used for welding.

2. Glove Integrity:

- **Do not use** if there is excessive wear, tears, or perforations.
- Exceeding the exposure time may allow the chemical to permeate and enter inside the glove. Make sure not to surpass the recommended usage time.
