

# SPECIFICATION SHEET

# GF-201W

previously GI-201

White knitted glove made of polyester, coated with white polyurethane on the palm.

## BENEFITS

- Lightweight for comfort during extended use.
- Breathable for added comfort.
- High abrasion resistance for durability.
- Excellent dexterity and flexibility for precise handling.
- Antistatic properties to protect sensitive components.

## OPERATIONS

- Ideal for handling electronic components, precision parts, and delicate joints.
- Perfect for managing small pieces that can be picked up with just two fingers.
- Useful for areas where materials are managed, such as storage.

# LIMITATIONS OF USE

## 1. Specific protection:

- Designed for mechanical risks: light cuts and abrasion.
- Does not offer protection against electrical hazards, fire, high temperatures, or chemicals.
- Not to be used for welding.
- Do not use in the presence of oil or grease.

## 2. Glove Integrity:

- **Do not use** if there is excessive wear, tears, or significant loss of coating, or if visible damage is present on the palm or fingers.
