

SPECIFICATION SHEET

GF-202

previously GI-300

Black knitted glove made of polyester, coated with black smooth nitrile on the palm.

BENEFITS

- Made from fresh, breathable, and lightweight fibers.
- Polyester provides comfort, flexibility, and excellent dexterity.
- Low lint level to prevent contamination of components.
- High mechanical resistance for durability.
- The coating offers better grip when handling dry pieces and provides great sensitivity.

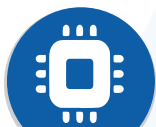

OPERATIONS

- Highly recommended for equipment repair and maintenance.
- Ideal for assembling and sub-assembling mechanical and electronic components.
- Suitable for high-tech applications.
- Perfect for managing and laying pieces.
- A great option for bodywork on trucks and trailers.

LIMITATIONS OF USE

1. Specific protection:

- Designed for mechanical risks: light cuts and abrasion.
- Does not offer protection against electrical hazards, fire, high temperatures, or chemicals.
- Do not use in the presence of oil or grease.

2. Glove Integrity:

- **Do not use** if there is excessive wear, tears, or significant loss of coating, or if visible damage is present on the palm or fingers.
