

SPECIFICATION SHEET

GI-NF

Nylon knitted glove, grey colour with full black micro-foamed nitrile coating.

BENEFITS

- Due to its 360° coating, it provides greater protection both on the palm and the back of the hand, avoiding tears in this area.
- The liner is breathable and provides maximum comfort and flexibility.
- Excellent grip and dexterity.
- High abrasion resistance.
- Ideal protection against grease and oils.

OPERATIONS

- Ideal for operations with high presence of lubricants, oils and greases.
- Useful in dirty areas where the colour of the glove helps to maintain a clean appearance avoiding dirt waste.
- Excellent for handling parts in confined areas where back rubbing is frequent.

LIMITATIONS OF USE

1. Specific protection:

- Designed for mechanical risks: cuts, abrasion, back-of-hand impact, and light vibration.
- Does not provide protection against electrical risks, fire, high temperatures, or chemicals.
-
- Not to be used for welding.

2. Glove Integrity:

- **Do not use** if there is excessive wear, tears, or significant loss of coating, or if visible damage is present on the palm or fingers
