

SPECIFICATION SHEET

GK-13M8

previously AC-1000A

Multicolor knitted glove made of cotton with a bait palm, medium weight, designed for durability and flexibility.

BENEFITS

- Resistant to wear and tear.
- Offers great flexibility for ease of movement.
- Suitable for handling hot pieces ranging from 60°C to 150°C.
- High abrasion resistance for tough tasks.

OPERATIONS

- Ideal for manipulating wire coils and large components in storage and maintenance areas.
- Useful in shipping areas of metallic appliances for handling tires and heavy structural metals.

LIMITATIONS OF USE

1. Specific protection:

- Designed for mechanical risks: light cuts and abrasion.
- Does not offer protection against electrical hazards, fire, high temperatures, or chemicals.
- Not to be used for welding.
- Do not use in the presence of oil or grease.

2. Glove Integrity:

- **Do not use** if there is excessive wear, tears, or significant loss of coating, or if visible damage is present on the palm or fingers.
