

SPECIFICATION SHEET

GS-B45

previously MA-400B

Black knitted sleeve made of a blend of HDPE and synthetic fibers, featuring a thumb slot and velcro at the top for secure fastening.

BENEFITS

- Elastic cuff for a comfortable fit.
- Protects arms from cuts and abrasions.
- Adjustable elastic for enhanced fit and security.

OPERATIONS

- Provides high cut-risk protection for forearms in dirty industrial processes.
- Ideal supplement when used with high cut-resistance gloves.
- Suitable for handling sheet coils, glass, and ceramic pieces.

LIMITATIONS OF USE

1. Specific protection:

- Designed for mechanical risks; specifically CUT protection.
- Does not provide protection against electrical risks, fire, high temperatures, or chemicals.
- Do not use for welding.
- Should be selected according to the required cut resistance level for the process.

2. Glove integrity:

- **Do not use** if there is excessive wear, tears, or visible damage along the glove.
