

SPECIFICATION SHEET

GS-E65

Jasper blue tungsten blend knitted sleeve made of a tungsten blend with synthetic fibers, featuring a thumb hole and Velcro on the upper forearm for a secure fit.

BENEFITS

- Provides extreme cut protection.
- Velcro at the top ensures a better fit and enhanced comfort.
- Constructed with FDA-approved materials, suitable for the food industry.
- Washable for easy maintenance.

OPERATIONS

- Ideal for processes with cutting hazards in the food industry.
- Suitable for assembling sharp parts that may cause lacerations.
- Perfect for handling glass, metal sheets, and panels.

LIMITATONS OF USE

1. Specific protection:

- Designed for mechanical risks; specifically CUT protection.
- Does not offer protection against electrical hazards, fire, high temperatures, or chemicals.
- Not to be used for welding.
- Should be selected according to the level of cut resistance required for the process.

2. Sleeve Integrity:

- **Do not use** if there is excessive wear, tears, or visible damage along its entire length.
