

December News

- No book orders this month due to Christmas break.
- Goal for December: Not spreading germs. We are working on covering our coughs, wiping our own noses, throwing our tissues away, and most importantly, washing our hands. Please help us encourage good manners by practicing this at home with your child.
- This month's theme is Winter fun and Christmas. We will be celebrating all things that make the season wonderful.
- A charity project we are participating in this month is a Mitten Tree. We will read the book The Mitten Tree to the kids, then decorate our Christmas tree with mittens (hats and scarves are also welcome!). Please pick up a pair of mittens at the dollar store. Afterwards, we will donate all of our items to the local soup kitchen. We would love for every child to be a part of this project.
