DESERT EMPIRE FAIRGROUNDS

YQCA REQUIREMENT

In order to participate in a youth livestock program (excluding horse, cavies & dogs) at any California Fair, all exhibitors 9 years of age and older must obtain annual certification in the Youth for the Quality Care of Animals (YQCA) program. Those not certified are not eligible to participate at a California Fair.

Youth for the Quality Care of Animals (YQCA), to meet this new state requirement. Agricultural universities as well as partners in the agriculture industry designed this program. By the end of 2018 over 50,000 youth across the nation will have taken a YQCA course. YQCA courses are age and level specific which allow for changing content each year. The program is offered online at yqca.org. All registration, fees, and certification are managed through YQCA.

The YQCA program has many benefits to exhibitors:

- Increase the educational preparedness of exhibitors.
- Adds another layer of quality assurance to improve sportsmanship, animal wellbeing and food safety for animal purchasers.
- Helps demonstrate our commitment to the educational development of exhibitors.
- Provides a nationally available program that any youth exhibitor can access.

This program is becoming nationally recognized so by adopting this program it also allows exhibitors to use this certification for showing at other fairs besides Kern County Fair.

Upon completion of the training; exhibitors will receive a certificate with a unique certification number. Exhibitors will need to upload their certificate with their entries. Show managers will be able to utilize the public interface through YQCA to verify the exhibitors certificate number that will be asked for during entries.

All exhibitors' ages 9 and older (excluding horse, cavies and dogs) must have completed the YQCA certification by the close of entries for their given species.

Without a current YQCA certificate number through fair dates you will not be able to complete your entry and thus will be ineligible to show at the fair.
