

2024 CHILENO TEMPRANILLO

Displaying a rich ruby hue, this Tempranillo showcases the character of two distinct estate-grown vineyard blocks. Aromas of earthy red fruit, ripe berries, and subtle spice lead into a palate that balances the soft, approachable fruit of our original vineyard with the depth and structure of our newer block. Layers of dark fruit, vibrant acidity, and refined tannins create a beautifully balanced wine with remarkable complexity, highlighting the strengths of each vineyard.
