Cost for Funeral or Cremation

Money magazine reported (Nov&Dec 2012) about the “cost of saying goodbye”. Expressly reporting on the tactics to “up sale” grieving families by pushing them into buying “packages” that include items they don’t need. SCI/Dignity & Neptune Society were mentioned. Funeral homes are “event planners” for the final event or celebration of life. We are here to help you personalize your loved ones service at whatever price point is most comfortable for you. Shop around, take a trusted friend or family member with you, get price information over the phone, on their website, or by email. Become an informed consumer and alleviate any unwanted purchases. Two websites that help with price comparison of local funeral homes are www.everestfuneral.com and www.efuneral.com.
