Father of America

Father of our country, our first President George Washington was Commander in Chief 1775-1783 of the Continental Army winning independence for the thirteen colonies. He was the first President of the United States of America from 1789-1796. Upon his death December 1799 they named him "first in war, first in peace and first in the hearts of his countrymen". He loved his country and his country loved him back.
