Pre-planning

Planning ahead for the inevitable could ease the pain and confusion for your loved ones and spare them the emotional turmoil of trying to second guess what you would have wanted.

- Make a Will or Trust
- Complete an Advanced Health Care Directive & P.O.L.S.T. form
- Create an "In case of my death" folder containing financial details; life insurance, bank accounts, investments, social security number, military records, etc.
- Sort out your possessions
- Plan your funeral or cremation; it offers peace of mind for you and for your family
