

Amp – The versatile amplifier for powering all your entertainment

The Sonos Amp will power any speaker; Tower, bookshelf, in-ceiling, in-wall, outdoor. With the HDMI input you can now make your TV come alive!

- **Enjoy high-fidelity performance** - 125 Watts per channel @ 8 ohms and 250 Watts per channel @ 4 ohms.
 - **TV 2.0 / 2.1 / 4.0 / 4.1 Surround** – Use your existing speakers for fronts and rears, or use our Play:1's, One's, or Play:5's for rear surrounds. Add our Sub or yours for incredible bass.
 - **AirPlay 2** – Play any sound from your iPhone or iPad to your Sonos or home sound system.
 - **Line input** - Plug in any audio device to your Amp. From your amplified record player to a friend's phone—and listen to your favorite music on your existing audio equipment.
