

# BullyBag® & Tool Company, Inc.

From sales and inspection to settlement. Starting as a local roofing salesman, Evan has shown grit and kept the promise as he worked his way into becoming a successful Independent Catastrophe Adjuster. Working year round and covering most of the US in his travels, "the BullyBag Ultra Pouch is a must have."

Evan Gosney, IA

*Born from catastrophe, grown by grit, and nurtured in tradition, the BullyBag & Tool Company, Inc. was conceived long before its inception, and long before it was named.*

*Designed from a spirit of "someone has to do something," founder Jerod Allen began his search for an all-utility pouch while adjusting insurance claims back in 2011. Over the next several years, he became increasingly frustrated at the lack of a tool pouch for Adjusters and Estimators, and soon he began designing his own... not an easy task! Over the course of the next 5 years with what little spare time he had, deployment after deployment and hundreds of interviews with Adjusters and Contractors he slowly began perfecting what would come to be known as the BullyBag Ultra Pouch. 5 years in design, an additional nearly two-years of field testing the prototypes and countless revisions, the BullyBag arrived. Designed to help you to Claim the Storm.*

# BAGS & PACKS

## Ultra Pouch w/ Paddle Clip

12 chambers in all to handle what you need when you need it and quick off when you're done. Reinforced ergonomic "Paddle" hip-clip for all day balance and comfort; double-stitched seams to provide years of dependable heavy use; Made of quality materials, the Ultra Pouch is easy to clean with a floating main pouch, hidden inside secure pouch.

Business card chamber

2 Delrin™ hooks for lightweight/quick hands-free control.

5 sealable Vel-Cro™ pouches in all

4 – 1" Powder Coated D-Rings made for tethering gear;

3 elastic top ridged pockets with oversize flaps for phone, camera, laser measure etc..

Complete with powder coated utility/tape clip

2 hidden slots for a pry-bar, Haag shingle gauge or other linear tool;

2 pen & 2 battery slots so you are always ready.

**\*Each Ultra Pouch comes complete with our tool tethering Badge and Gear Retainers help you keep your camera or other light tools from becoming a falling hazard.**

## ***Ultra Pouch – Babson w/ Belt Channel***

The “Babson” features a belt feed through channel/loop, which will allow a belt as wide as 2 inches. The BullyBag “Babson” is a great system for those who prefer a belt feed through loop to attach using your own belt and also works great to implement with a PFAS harness system or other safety gear.

**\*Each Ultra Pouch comes complete with our tool tethering Badge and Gear Retainers to help you keep your camera or other light tools from becoming a falling hazard.**

## ***Bandit Belt System w/ Ultra Pouch & Side Scribe***

Modular belt system allows you to add components while providing you with all day comfort. The Bandit Belt System includes the Ultra Pouch & Side Scribe Carrier for Laptop, Clipboard, Notebook etc. The padded belt provides comfort and utilitarian use with D rings for attaching additional gear.
