Our beef is dry-aged for 40 days and sourced from the top 1% of UK grass-fed cattle, with full traceability back to the farm. Every patty is made from a bespoke blend of beef, developed for depth of flavour, richness and juiciness.

Please let us know if you'd like your burger well done.

Our burgers are served in Japanese milk buns, baked for us by a specialist bakery. Due to the use of sesame in our kitchen, we can't cater for sesame allergies. All food is prepared in a kitchen where allergens are present.
