

Hyland for Guidewire BillingCenter

Deliver smarter billing operations with intelligent, cloud-native content management

As competition intensifies, modern billing operations — and quick access to content — are key to delivering faster support and improving outcomes.

Hyland for Guidewire BillingCenter accelerates modernization with a ready-to-deploy integration between the Hyland Content Innovation Cloud™ (CIC) and BillingCenter. Validated through the Ready for Guidewire program, this solution connects powerful, cloud-native content capabilities within BillingCenter. Insurers can eliminate the cost and complexity of a custom-built integration while unlocking the scalability and intelligence of the AI-powered Content Innovation Cloud.

Benefits

Reduce the time, cost and complexity of building and maintaining a custom BillingCenter integration

Increase the speed, precision and consistency of billing decisions

Enhance policyholder and agent experiences with faster, more informed customer service

Future-proof billing processes with optional AI-powered intelligent document processing (IDP) and AI agents

Key features

- Easily query and retrieve documents from a flexible, cloud-native repository
- View images and document properties directly within BillingCenter
- Quickly upload documents, images and videos to the Content Innovation Cloud or Hyland OnBase™
- Connect OnBase (on-prem or hosted) via Content Federation Service
- Automate key workflow tasks for efficient document handling
- Add AI-powered IDP and AI agents to improve speed and precision across workflows

What is Content Federation Service?

A secure and scalable way to connect OnBase (on-prem or hosted) to the Content Innovation Cloud and Guidewire applications — **no migration required**.

CFS goes beyond federated search with deeper integrations and next-level automation. Its functionality is based on data federation principles — a modern integration technique that offers a unified view of distributed content without physically moving or duplicating data.

The next era of insurance

Hyland for Guidewire BillingCenter empowers insurers to deliver intelligent billing operations across the insurance lifecycle.
