

Hyland for Guidewire PolicyCenter

Deliver modern policy administration with intelligent, cloud-native content management

With the insurance landscape evolving quickly, modernizing policy operations is vital to advancing quoting, underwriting and servicing performance.

Hyland for Guidewire PolicyCenter accelerates modernization with a ready-to-deploy integration between the Hyland Content Innovation Cloud™ (CIC) and PolicyCenter. Validated through the Ready for Guidewire program, this solution connects powerful, cloud-native content capabilities within PolicyCenter. Insurers can eliminate the cost and complexity of a custom-built integration while unlocking the scalability and intelligence of the AI-powered Content Innovation Cloud.

Benefits

Reduce the time, cost and complexity of building and maintaining a custom PolicyCenter integration

Increase the speed, precision and consistency of quoting and underwriting decisions

Enhance policyholder and agent experiences with faster, more informed policy servicing

Future-proof policy processes with optional AI-powered intelligent document processing (IDP) and AI agents

Key features

- Easily query and retrieve policy documents from a flexible, cloud-native repository
- View document details, images and related data directly within PolicyCenter
- Quickly upload documents, images and videos to the Content Innovation Cloud or Hyland OnBase™
- Connect OnBase (on-prem or hosted) via Content Federation Service
- Automate key workflow tasks for efficient document handling
- Add AI-powered IDP and AI agents to improve speed and precision across policy workflows

What is Content Federation Service?

A secure and scalable way to connect OnBase (on-prem or hosted) to the Content Innovation Cloud and Guidewire applications — **no migration required**.

CFS goes beyond federated search with deeper integrations and next-level automation. Its functionality is based on data federation principles — a modern integration technique that offers a unified view of distributed content without physically moving or duplicating data.

The next era of insurance

Hyland for Guidewire PolicyCenter empowers insurers to drive performance and customer-focused policy administration — from submission through renewal.
