Sermon: Arguments around the table

Summary: It's their Last Supper together. A nice meal that Jesus has been looking forward to for a long time. And before long it's ruined by the disciples arguing. Arguing about who would betray Jesus quickly led them back to their old arguments about who was the greatest disciple.

Discussion Questions:

- Have you ever had a meal that you were looking forward to, had planned and prepared for, descend into arguments around the table?
- How do you think Jesus felt as the discussion turned to this again?
- What does He want them to understand about greatness?
- How do His words reinforce His actions?
