

**For a major Banking institute**

**We saved \$1.5M in  
daily losses with our  
90-day approach**

**A Ccube case study**

What did we do?

Built a unified data analytics platform to create a '**Single Source of Truth**' for auto, credit, and mortgage loan models, eliminating data silos.

## The Impact

- » Saved \$1.5M in **daily losses**
- » Cut model deployment costs by **\$1M per model.**

Get results like these.
