

Poolpac is proud to bring iGUi Pools to New Zealand – the world's largest fiberglass pool manufacturer, now available here for the very first time. Finally, New Zealand has access to the world's most advanced pool technology. iGUi pools combine the speed of fibreglass installation with the luxury and durability of full ceramic tiling – something that simply doesn't exist anywhere else in the country. We deliver the sleek, architectural look of a designer pool at a fraction of the cost, installed in as little as 2-3 days.

From compact family plunge pools to stunning infinity-edge showpieces, our range transforms outdoor spaces into resort-style retreats – without the stress, long timelines, or premium price tags. We're bringing you the future of swimming pools.
