

Loving Jesus,

As we walk this journey and share our stories, our lives grow in our love for you.

As your Mother, Mary, gave witness to her Yes, her Fiat with each encounter and event she had in your life, she reminds us to constantly trust in God and believe in you. We strive to trust and believe, as we encounter the challenges, trials, difficulties, joys and goodness that are part of our daily lives. Yet, there are times when our doubt, uncertainty and fears enter our lives and pull us away from you.

We come to you in prayer asking for the courage and strength to remain faithful in our journey with you, and to deepen our encounter with you no matter what we are living in life. Like Mary, may we learn to always turn towards you and embrace the encounter of love which awaits us each and every day.

Amen
