

PROFILE

Adrienne has 18 years' experience as an Occupational Therapist in both tertiary hospital settings, and community based private practice. Her clinical experience includes working in the areas of orthopaedics, plastics, rehabilitation, cancer & palliative care and neurology.

She has worked with a diverse client group, including many years working with clients with hand and upper limb injuries including those requiring plastic and reconstructive surgeries.

Adrienne has a passion for research and has been involved in several clinical trials. In 2010 she published a comparative study in the journal of hand therapy and has presented at a number of conferences.
