

PROFILE

Christine Tracey has more than 30 years experience providing Occupational Therapy Services to adults within the hospital, outpatient and community sectors. She brings substantive and current experience in advanced clinical roles as an Occupational Therapist in rehabilitative, general medical and geriatric services, as well as previous career experience in medicolegal assessments.

Christine has her own private practice providing individualised therapy to a range of clients with neurological and other medical conditions whose needs are frequently complex.

Christine's skills, knowledge and experience enable her to confidently provide highly credible opinions and recommendations for individuals affected by acquired brain injury, spinal cord injury, stroke, multi-trauma, orthopaedic and medical conditions.
