Outer Burial Containers

In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries, Bush River Memorial Gardens being one of them, require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements. The terms "protective" and "non-protective", which may be found in some printed material provided by the manufacturer, were chosen by the manufacturer and do not constitute or imply a representation or warranty by the funeral home.
